Editor's summary of 2020

We have all experienced difficulties this year, some of us more than others but we have all survived! Our club has experienced some turmoil which we have overcome but only due to the strength of our leaders, both at Board level and Market Administration.

If you have been part of keeping this club alive and active Well done!

We will continue to be faced with busy and demanding times as we lead our club into 2021 and I can only urge you to be a Rotarian not just a member of a club.

A professor gave a balloon to every student, who had to inflate it, write their name on it and throw it in the hallway. The professors then mixed all the balloons. The students were given 5 minutes to find their own balloon. Despite a hectic search, no one found their balloon. At that point the professors told the students to take the first balloon that they found and hand it to the person whose name was written on it. Within 5 minutes everyone had their own balloon. The professors said to the students: "These balloons are like happiness. We will never find it if everyone is looking for their own. But if we care about other people's happiness....we'll find ours too.
