Rotary Matters: Peter Manuel (16th August, 2021)

Haiti: Our club has worked in Haiti over a period of 5 years, and while we have chosen to cease our activities there, we remain concerned for its future. Perhaps club members would appreciate a quick update.

(Update: 19th August, 2021 – the death toll is >1,500 with thousands injured and Tropical Storm Grace is now wreaking havoc throughout the country)

1. The president Moise was assassinated a few weeks back, throwing the country into chaos again, with the army eventually taking over. This may be a good thing in the longer term.
 2. Yesterday (Sunday 15th August) a major earthquake hit the country (7.2 on the Richter Scale). While the number of deaths is less than in the major earthquake of 2010, the infrastructure that does exist has been largely destroyed. Milady Auguste who worked with us to produce early reading books is safe, but I attach a photo of her church.
 3. Poverty levels are quite extreme, and food and employment levels are critical
- Peter.
