**Secretary:** Deidre Hughes  
Please see following from Deidre:

*We have recently received the 'Social Media Engagement Policy' from our District. If you wish to read this, you will find it on our website.*

**And from the Rotary Classifieds:**

*Social Media - are there any guidelines?*

*Social media offers the opportunity for people to create, share and consume content, connecting and engaging with others around the world. The popularity of social media has grown to the point where it is often a primary source of information and interaction for a growing proportion of the world's population. Rotary embraces social media as an important tool for Public Relations, attracting new members, connecting with like-minded people and organisations and creating new opportunities to serve. Rotary also recognises the value of social media to members on a personal level, sharing information and ideas with family, friends and communities. Rotary District 9510 recognises the need to provide some guidelines to ensure that members understand the organization's expectations and standards for social media engagement, particularly when members are involved in communicating about Rotary, its services, its people, its community partners and partner organisations. D9510's recently approved Social Media Engagement Policy is intended for all D9510 Rotary clubs and members of those clubs. Clubs are encouraged to apply the guidelines contained within and ensure they are circulated and understood by all members.*
